TO: NIFA Awardees

FROM: Andrea Brandon
Deputy Administrator
Office of Extramural Programs

SUBJECT: Awards with NIFA Agency-specific Research Terms and Conditions dated July 2010

In the National Institute of Food and Agriculture (NIFA) Agency-specific Research Terms and Conditions dated July 2010 (available via http://nifa.usda.gov/business/awards/awardterms.html), Article 9.B.a. states that initial documentation in the Current Research Information System (CRIS) must be completed by October 1, 2010. This date was established in order to allow the transition from CRIS to REEport, a new reporting system. The transition to REEport is being postponed. When NIFA determines the new transition date, NIFA will update the October 1 date mentioned in the NIFA Agency-Specific Terms and Conditions and notify you accordingly.
