Extension Program Showcase

The Extension Program Showcase provides an opportunity to share *NEW* and *UPDATED* resources and information relevant to Family Life with our extension colleagues.

Participants sharing resources will be provided with a table to display their materials and information (Note: Poster displays will not be provided). The first hour of the meeting will be devoted to allowing time for attendees to visit with the presenters at their tables, ask questions and learn about the new resources. In addition, there will be an opportunity to give a short 2 minute presentation to the group. To continue documenting the resources available on a national level, we will compile the shared resources into a manual that will be available at the meeting and on the NIFA website.

Please submit applications for resources, programs, relevant research findings, etc. that have recently become available or have been newly updated/revised since last year's pre-conference. Submissions should be sent to Cameron Briggs (cbriggs@nifa.usda.gov) by **OCTOBER 8, 2010**. All submissions will be peer reviewed by the pre-conference planning committee. Accepted entries will be notified by Oct. 18.

Please limit proposals to one page, using the following format:
