

Meth Prevention Education Planning Toolkit for Community Educators & Teachers

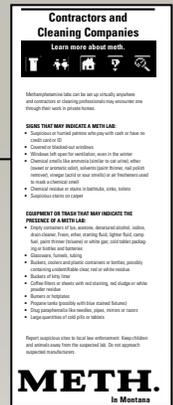

A toolkit of materials that help educate people about methamphetamine, its impacts and how communities can respond. The toolkit includes:

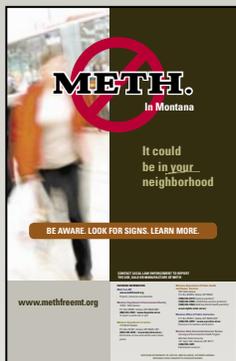

Pocket-sized awareness booklet with basic information about meth, links and contact information, laws, and photographs of the ingredients used to make meth. Color. 24 pp. 4.25" x 10"

Focus cards that can be inserted into the booklet. Five cards tailored to specific audiences: Agriculture; Homes, Rental Properties, Motels and Storage Units; Retailers and Pharmacists; Auto Rental and Repair Shops; and People Who Spend Time Outdoors. 4.25" x 10" Black and white for easy reproduction and customization.

Bookmark. Great for mailing and distributing with a display. Full-color, double-sided on card stock; 3.63" x 8.5"

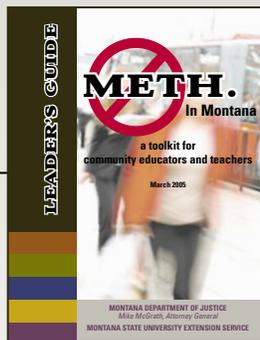

11 x 17 color poster with contact information and space for customized local contact information.

Filler ads. 17 anti-meth ads for reproduction in newsletters, newspapers and other media. Available digitally (PDF) and in hard copy clip art. Sizes include 1-, 2- and 3-column Standard advertising units and quarter- page for newsletters.

Leader's Guide. Basic information, audiences, messages, tips and suggestions. 75pp, spiral bound.

DVD. Three 30-second television public service announcements and five videos: Meth: Dark Cloud Over the Big Sky (59 min); Life or Meth (15 min.); Myths About Meth (11 min.); What's It Cost (12 min.); Amy's Story (20 min.)

The face of a meth user: 10 years
8.5 x 11 color poster

CD of materials. PowerPoint presentations and blank PowerPoint template; materials for reproduction (all are in PDF format, black and white): Fact sheet inserts for various occupations; Filler ads for newspapers (various sizes); Meth education poster (8.5 x 11); Billings Gazette multimedia presentation

Tools for Schools. 10 easy-to-use PowerPoint presentations. Four for grades 6-8 and six for grades 9-12. Created with funding from the Montana Office of Public Instruction.
